## Education

**University of California, San Diego** – B.S. in Computer Engineering – 3.10 GPA June 2026

**University of California, San Diego Extension** – Certification in iOS Programming May 2021

## Technical Skills

**Programming:** C, C++, Java, Python, ARM, TypeScript/JavaScript, SwiftUI, UIKit, SystemVerilog, MATLAB

**Processes:** Agile Team with Scrum, Git, GitLab

**Tools:** Quartus Prime, ModelSim, LTSpice, Oscilloscope, Waveform Generator, Digital/Analog Multimeter

**Social:** Collaborative Problem Solving, Dynamic Leadership, Easily Adaptable, Ready to Learn

## Experience

**Technical Operations Specialist**, Style Gifts, Ltd. – *San Diego, CA* Jan 2024 – Present

- Utilize quote templates and item lists for sales, reducing back-and-forth w/clients, cutting turnaround.
- Troubleshoot day-to-day technical issues (email, printers, shared drives, software) reducing downtime.

**Shift Supervisor**, Starbucks Corp. – *San Diego, CA* Sep 2023 – Nov 2023

- Led successful shifts of 10-20 partners & exceeded store time goals with effective communication.
- Collaborated with store and district managers to exceed store customer satisfaction and service time goals through streamlined processes and ensuring consistency in products sold.
- Handled store operations, coaching, cash handling, and crafting a positive culture for all partners.

**Barista Trainer**, Starbucks Corp. – *San Diego, CA* Aug 2021 – Sept 2022 & Jan 2023 – Sept 2023

- Trained 15+ new baristas on all company policies, procedures, recipes, and the Starbucks Experience
- Developed training plans for trainees with varying levels of customer experience and learning styles.
- Led store sessions of a nation-wide “Return to Standards” training program for all retail employees.

## Projects

**Personal Portfolio Website** [www.andrewcjeter.com](http://www.andrewcjeter.com)

*React, TypeScript, TailwindCSS, Cloudflare*

- Established a portfolio website to display my current projects, courses, and social links.

**SHA256 and Bitcoin Hashing Algorithm** ECE 111 - Advanced Digital Design Project

*SystemVerilog, Quartus Prime Lite, ModelSim*

- Used a simplified SHA256 algorithm to hash according to SHA256 specs, and implemented a bitcoin hashing algorithm with speedups of up to 156% through implementing parallel hashing.

**HoloLens ASL Translator** CSE 118 - Ubiquitous Computing

*Python, Unity, GitLab, Microsoft HoloLens 2*

- Working in an Agile team with Scrum to develop a HoloLens ASL translator, and training a ML algorithm for recognizing specific ASL gestures.

## Extracurriculars

**IEEE-Eta Kappa Nu (HKN) Honor Society - Outreach**, UC San Diego, CA Spring 2023 – Present

*HKN Outreach | CSE Outreach Chair* Spring 2025 – Present

- Lead and manage a course of CSE 198, with 15+ students in Fall 2025 developing and presenting STEM lessons to socioeconomically disadvantaged K-12 students in San Diego. This is a full year position.
- Created 4 lessons, presented to over 100 students, developing a new course structure for 2026.
